*Elite*

TECHNICIAN EDUCATION  
COLLEGE SUPPORT

TECS Elite is an education support program offered by Toyota and Lexus. It is available at qualifying Community and Technical Colleges. Students complete e-learning courses required for dealership entry-level Technician certification. In addition, TECS Elite students complete 90 hours of hands-on training in Brakes, Steering and Suspension, Tire Repair, and General Maintenance. This certification level is the first step in building a career as Technician at a Toyota or Lexus Dealership.

Provides school resources including vehicles, drivetrain units, Techstream ADVI units, a Toyota / Lexus developed curriculum, and access to the Technical Information System (TIS).

Provides access to online Technician e-Learning courses to earn the first level of Technician certification for Toyota or Lexus.

Promotes partnership and employment opportunities with local Toyota or Lexus dealerships
