

# TECS

## TECHNICIAN EDUCATION COLLEGE SUPPORT

TECS is an education support program offered by Toyota and Lexus. It is available for Community Colleges, Technical Schools, and High Schools. Joining TECS has no cost to the school or students. TECS provides schools with Toyota and Lexus resources to supplement existing curriculum. Students who complete e-Learning modules can achieve the first level of Toyota or Lexus Technician certification. This certification level is the first step in building a career as Technician at a Toyota or Lexus Dealership.

Provide access to the Technical Information System (TIS), a full featured online library of repair and training information

Provides access to online Technician e-Learning courses to earn the first level of Technician certification for Toyota or Lexus.

Promotes partnership and employment opportunities with local Toyota or Lexus dealerships
